Financial Performance & Management Report — Q2 FY2026

Published: 15 October 2026 | **Reporting period:** April–September 2026

Important notice: All figures, commentary, business lines, and entities are fictional and created for RAG testing.

Performance Review

- Net interest income increased by 8.8% compared with H1 FY2025, from ■2,490 crore to ■2,710 crore.
- Non-interest income increased by 7.9% compared with H1 FY2025.
- Operating expenses increased by 7.6%, mainly reflecting technology modernization and branch-network upgrades.
- Net profit increased by 11.5% compared with H1 FY2025, from ■1,220 crore to ■1,360 crore.
- Customer deposits increased by 4.1% compared with 31 March 2026.
- Customer loans and advances increased by 3.8% compared with 31 March 2026.

Business Mix

- Retail banking represented approximately 58% of customer deposits.
- Commercial banking represented approximately 31% of customer deposits.
- Payments and other transaction services represented the remaining deposit base.
- Digital active-customer usage increased by 12.4% compared with the prior six-month period.

Asset Quality

- Gross NPA ratio was 2.1% at 30 September 2026, compared with 2.3% at 31 March 2026.
- The bank continued portfolio monitoring for sectors with elevated repayment-risk indicators.
- Credit concentration limits remained part of portfolio oversight.

Outlook

- Management plans continued investment in digital channels, fraud monitoring, and operational resilience.
- Liquidity and capital buffers will continue to be monitored against internal thresholds.
